## Atwell, Hawkins, Liebler Elected To Hour Glass Honor Society

Outstanding Women Formally  
Pledged in Pi Phi Rooms  
April 6

HIGHEST WOMAN HONOR  
Membership Is Based on  
Achievement in Activities  
and Scholarship

Hour Glass Honor Society announces the formal pledging of Harriet Atwell, Virginia Hawkins and Margaret Liebler on Thursday evening, April 6, at 7:30 p. m., in the Pi Beta Phi rooms.

Women honored by Hour Glass are selected for outstanding achievement in scholarship and activities. To be eligible a candidate must have seventy-five hours of University credit, with an average of eighty, and must have proved her leadership in at least two major activities. The society is composed of the fifteen outstanding women on the campus.

Harriet Atwell is a junior in the School of Library Science. She was recently elected a member of the Cherry Tree Board for 1933-34, and is also president of the Intramural Board for 1932-33; senior staff member of The Hatchet; a member of Orchestras, serving as president in 1931-32; Troubadours; vice president of Gamma Eta Zeta, and executive board of W. A. A. Her sorority is Chi Omega, which she represents on the Panhellenic Council. Harriet is chairman of the Panhellenic Prom of 1933.

Virginia Hawkins has been elected editor of the 1934 Cherry Tree, having been on the staff for three years, holding varied positions. She is a member of the Library Science Club, Gamma Eta Zeta, Le Cercle Francaise Universitaire, Troubadours, and secretary of the junior class. Virginia is now a candidate for the Student Council from the School of Library Science. She is a member of Pi Beta Phi, of which she is secretary.

Margaret Liebler is a junior in the School of Government and has been nominated for the Student Council from that school. She was an associate editor of the Students' Handbook for 1932; a founder and president of Phi Pi Epsilon, women's foreign service fraternity; member of the Cherry Tree staff for 1932-33; senior staff member of The Hatchet, 1933; W. A. A.; Gamma Eta Zeta; and a member of the Junior Prom Committee for 1933. Her sorority is Kappa Delta.

## University to Hold Pan-American Day

Panama Minister Alfaro, Dr.  
L. S. Rowe, President Mar-  
vin Guest Speakers

Pan-American Day, an annual event, will be celebrated by The George Washington University Tuesday, April 11, with Dr. R. J. Alfaro, minister from Panama, as the guest speaker, according to an announcement issued today by Dr. A. Curtis Wilgus, chairman of the program committee. Other speakers will be Dr. L. S. Rowe, director of the Pan-American Union, and Dr. Cloyd Heck Marvin, president of the University.

The program, which will be presented in Corcoran Hall from 11:30 to 12 a. m., will be broadcast over the Red network of the National Broadcasting Company. Though Pan-American Day will be celebrated throughout the nation on April 14, it was necessary to advance the date here to April 11 so as not to conflict with the approaching Easter holidays.

Arrangements for Pan-American Day are under the direction of the following: Dr. A. Curtis Wilgus, chairman; Dean William Allen Wilbur, Dr. Elmer Louis Kayser, and Dr. Warren R. West.

## Marvin Leaves City For Wyoming Trip

President Cloyd Heck Marvin left Washington Tuesday for Laramie, Wyoming, to meet with the board of trustees of the University of Wyoming to discuss a recent survey of that institution. The survey was made recently by a committee appointed by the Carnegie Foundation for the Advancement of Teaching, of which he is chairman.

The other members of the survey committee are: Dr. Samuel Paul Capen, president of the University of Buffalo, and Dr. Henry Suzzallo, of the Carnegie Foundation.

## Named Editor

Elected Sunday to Direct  
Hatchet for Coming Year;  
Assumes Post May 9

JOHN T. MADIGAN

John Madigan was elected editor of The Hatchet for the coming year by the Associate Editors at a meeting Sunday evening.

Madigan, who will succeed C. Manley Fesler, must serve a probationary term of four weeks before actually taking office, according to the rules of the publications committee.

The newly-elected editor began his journalistic career with The Hatchet in 1930, and became associate editor in the fall of 1931. In recognition of his ability, he was elected president of Pi Delta Epsilon, honorary journalistic fraternity for men, he is also editor of the March of Events section of the 1932-33 Cherry Tree.

His social fraternity is Theta Delta Chi.

## Dr. West, Second Speaker On Radio Weekly Forum Hour

Will Be Heard Over WMAL  
Thursday on "Governmental  
Reorganization"

His topic "Governmental Reorganization," Dr. Warren Reed West, associate professor of political science, will speak over the "Blue" network of the National Broadcasting Company, Thursday, April 6, from 7:30 to 7:45 p. m., as the second of the speakers in The George Washington University Forum which was opened last Thursday by Dr. Paul Bartsch, professor of zoology.

With reorganization of government bureaus actually in progress, Dr. West's subject is of current interest to students of government and laymen as well, according to Dr. A. Curtis Wilgus, chairman of the committee in charge of the Forum.

Dr. West will discuss the problem of reorganization in its several phases, taking up the matter of rearrangement of bureaus and commissions, abolition of services, the effect of reorganization upon the great mass of government employees, and the question of further extension of the Civil Service.

Sixteen more George Washington University professors will be heard during this weekly Thursday night hour over WMAL, with the final one on July 27. Each will discuss some problem or phase of timely interest in

## Athletic Department Offers 20 Per Cent Commission to Baseball Ticket Salesmen

Any University Student May Sell Season Cards on Percentage  
Basis, Says Max Farrington; \$2 Books  
Available at Athletic Office

Now is the time for all good salesmen and saleswomen to aid themselves or so it would seem from the athletic department's announcement of a proposition whereby students will be rewarded for selling baseball season tickets.

Max Farrington, assistant director of athletics, yesterday announced that a commission of 20 per cent will be paid to any University student for sales of season cards amounting to \$10.00 or more. Each card is good for 10 admissions to George Washington University's variety baseball games, the profits from which will go to the National Capital Civic Fund. By purchasing a season card for \$2.00 a spectator may save 20 per cent on admission charges, since the fee for a single game will be 25 cents.

## Sorority, Fraternity Debaters Will Meet In Forensic Contest

Eliminations for Delta Sigma  
Rho Cups Open April 20  
in Stockton Hall

Sororities and fraternities debating for the Delta Sigma Rho cups will participate in the elimination contests in Corcoran Hall and Stockton Hall April 20, at 8:15 p. m.

Professor Henry Goddard Roberts announces he is placing on reserve in the library material dealing with the subjects to be debated.

The men will debate on the question: "Resolved: That the Citizens of the District of Columbia Should be Given the Right to Vote in National Elections." This proposition shall be interpreted as follows:

1. "Right to vote in national elections" shall mean the right to vote for President, Vice President, and representation in Congress.

2. The amount or type of representation in Congress to be given to the District is not germane to this proposition and shall not enter into the debate.

The women will debate on the question: "Resolved: That the Recommendations of the Committee on the Cost of Medical Care Should be Approved." No debates will be postponed. For this reason it is advisable to have alternates. Any team not ready to debate 10 minutes after the scheduled time will automatically forfeit the debate to its opponents.

Each debate will be judged by a single judge chosen from the faculty.

Each team should prepare to debate both sides of the question. The present assignment of sides holds only for the first round of debates.

Each side will have two constructive speeches and two rebuttal speeches. Constructive speeches will be 10 minutes in length and rebuttals, five.

The schedule for elimination contests for men is as follows:

Debate No. 1—Tau Epsilon Phi, affirmative; Acacia, negative. Stockton Hall 20.

Debate No. 2—Phi Sigma Kappa, affirmative; Tau Alpha Omega, negative. Stockton Hall 21.

Debate No. 3—Kappa Sigma, affirmative; Sigma Phi Epsilon, negative. Stockton Hall 30.

Debate No. 4—Sigma Alpha Epsilon, affirmative; Theta Delta Chi, negative. Stockton Hall 31.

Debate No. 5—Theta Upsilon Omega, affirmative; Sigma Chi, negative. Stockton Hall 32.

Debate No. 6—Kappa Alpha, affirmative; Theta Upsilon Omega, negative. Stockton Hall 33.

## Liebler Installed As Phi Pi Epsilon Head

Immediately following her election, Margaret Liebler was installed president for 1933-34 of Phi Pi Epsilon, foreign service fraternity, last Thursday evening, March 28, in the Alpha Delta Pi rooms.

Margaret is a charter member of Phi Pi Epsilon, having been one of the founders of the sorority at George Washington University in March, 1931.

Other newly-elected officers are: Ruth Allen, vice president; Mary Louise Parks, secretary; Helen Hull Jones, treasurer.

Dr. John Donaldson, professor of political economy, will address the sorority tonight at its monthly speaker meeting. His subject will be Research Method in the Social Sciences with special reference to economics.

## Fesler Will Explain Reorganization System at Speakers' Congress; Rhinehart Slated to Address Frosh

### Student Council Reorganization As Proposed By The Hatchet

#### An Explanation

In the first place, it should be understood by students in the University that the proposed reorganization of the Student Council was not intended to become a fight between The Hatchet and the Student Council. Such a plan was suggested by Professor Roberts when he was interviewed by the Student Council during its recent hearings. Practically the only difference between the plan as suggested by Professor Roberts and that proposed by The Hatchet is the time of inauguration of the plan. The Hatchet proposes immediate action, and the impression left with the Student Council by Professor Roberts was that it might be advisable to adopt such a plan gradually. The Hatchet does not see how any change in the form of student government can be brought about gradually. If a change is made it must be made all at one time, and, although the steps leading up to the change might conceivably come about as a result of long deliberation and discussion on the part of the various activities affected by the new plan, The Hatchet firmly believes that such deliberation is unnecessary and inexpedient.

In brief, the change proposed by The Hatchet is this: Members of the Student Council would be made up of students who are prominent in their respective activities. For instance, there should be a representative board of men's athletics, to be chosen by either the managerial board of men's athletics as now constituted or by that board in cooperation with the various team captains in men's sports. These individuals would get together and form a men's athletic board which would be similar in function and composition to the women's athletic association as it now exists. Such organization could easily be effected in one meeting of the persons concerned. Members of this board would then elect from their number one person to represent men's athletics on the proposed Student Council.

As was mentioned above, the organization is already adequate in the case of women's athletics. The only thing necessary for that group to do would be to elect, at one of its weekly meetings, one of its members to represent it on the proposed Council. The same is true of Cue and Curtain and Troubadours, which recently formed a dramatic board for the purpose of closer coordination of dramatic interest on campus. The Hatchet does suggest, however, that there may be other organizations such as the Drama Appreciation Club which might well be given representation on this board. It would then remain only for the board to meet and elect its representative to the Student Council.

Musical units may set up a slightly more serious problem. It has been suggested that the two glee clubs, the symphony orchestra, and

## Technical Assistants Appointed for Play

Karl Gay Chosen Business  
Manager; Newell Lusby to  
Design Two Sets

Following last week's story of the completed cast for its spring production, Cue and Curtain now announces the filling of the various positions making up the technical and production staffs of "The Romantic Young Lady."

Karl Gay remains in the office of business manager, while Newell Lusby continues as stage manager and set designer. Lusby's chief assistant will be Tom Toner. Kenneth Romney was named director of publicity, with Gordon V. Potter assisting him as manager of Hatchet publicity.

Louise Wright will serve as wardrobe mistress, and Joe Sizoo is expected to resume his old place as master of properties. Don Wilkins will handle the voltage as master electrician, assisted by Ludwig Caminita.

Within the next few weeks Karl Gay will establish booths for the sale of tickets at various convenient points on the campus.

Newell Lusby will start actual construction on the two sets next week. He has stated that anyone interested in set construction may leave his name at the Cue and Curtain office, top floor of Building M.

## Art Students Enter Beaux Arts Contest

Senior, junior, and sophomore students in the fine arts department are at work on projects sponsored by the Beaux Arts Institute of New York. Two scholarships of \$500 each to the Fontainebleau School of Fine Arts will be awarded for the best designs submitted for these projects.

To be eligible for the scholarships the student must be American, a condition fixed by the French government for the Fontainebleau School, and they must have submitted one project in the previous school year and one in the first half of the current year.

Each year Beaux Arts sends six outlined projects to the fine arts department. The projects are developed at separate times in the schools of architecture and design.

## R. F. C. Expert Will Address Engineers

Representatives of Classes of  
1888 and 1897 Will Be  
Among Guests

The School of Engineering will hold its fifth annual Engineers' Banquet at the Mayflower Hotel, Saturday evening, April 8, at 7:30 o'clock.

Dr. John H. Gregory, a member of the Engineering Advisory Board of the Reconstruction Finance Corporation, will be the principal speaker of the evening. He will talk on "Reminiscences of a Consulting Engineer." Dr. Gregory, a man of wide experience, has been a consulting engineer for over 20 years. He is professor of civil and sanitary engineering at Johns Hopkins University, and a member of the board of directors of the American Society of Civil Engineers, in addition to his work in an advisory capacity for the United States Government.

Watson Davis, of the class of 1918, will be toastmaster. Mr. Davis is the editor of the "Science News Letter," published by the National Academy of Arts and Sciences.

Marvin to Extend Welcome  
The program will include greetings from Dr. Cloyd Heck Marvin and Dean John R. Lapham, on the part of the University, and welcome from representatives of the important engineering societies of Washington, who will be guests of honor.

Special effort has been made by the sponsors through an alumni committee to make this major event an "Engineers' Homecoming." Many alumni assurances of attendance have been received, among them one from George W. Littlehales, professor of nautical science at the University from 1913 to 1927, and a member of the class of 1927.

## Seegar to Head Last Chapel Before Easter Holidays

Dr. Raymond J. Seegar, professor of physics, will lead the last University chapel before the Easter holidays, Friday, April 7, at 12:10 p. m., in Corcoran Hall. It is expected that the chapel will be in keeping with the spirit of the approaching holiday, and attendance is especially urged as Dr. Seegar, who is advisor to the Lutheran Club, has long been interested in students and their religious activities.

## Editor Will Defend Proposed Council Change at Hearing

### SPEECH OPENS CAMPAIGN

Rhinehart to Give Freshman  
Class Facts on Robert's  
Plan

Student Council election campaigns will receive their initial impetus this week when the sponsors of reorganization of the present council will present their theories before the freshman class and the Speakers' Congress. An open forum by the latter body will feature among its many prominent speakers C. Manley Fesler, outstanding leader for the proposed change who will defend the advantages of the new system which he has advocated editorially through The Hatchet.

A new system of reorganization was first suggested by Henry G. Roberts, assistant professor of Public Speaking, when he was invited to criticize the present form of government at the Student Council hearings held in the early part of the semester. Editor Fesler early became an advocate of the reorganization movement, expressing his views editorially in subsequent issues of The Hatchet.

Representative Jack Goode, of the Law School, became a bitter opponent of the reorganization plan. Last week, at a Student Council meeting, Goode expressed himself in no uncertain terms as opposing any drastic changes in the present form of government. His attack was particularly directed against Editor Fesler, characterizing Fesler and his reporters as being "maniacs" and apparently agreeing with Representative Valpeau Darling, of the Engineering School, who stated Fesler had no right to use the editorial columns for personal opinions.

### Rhinehart Speaks Today

As a result of the verbal-editorial clash between Goode, Darling, and Fesler, Speakers' Congress thought it opportune to hold an open forum to permit proponents and opponents of the reorganization plan to defend their side of the issue.

Walter Rhinehart, also leader of the reorganization movement, who has become acquainted with the issue as an associate editor of The Hatchet will open the drive with an address to the freshman class at 11 a. m., today, in Corcoran 10, on the subject, "Reorganization: What Is It?"

On Wednesday at 3 p. m., in Corcoran Hall 16, an open forum sponsored by the Speakers' Congress will take up the discussion of immediate reorganization of the Student Council. The proposed new form of student control will be explained by a member of Congress giving affirmative and negative arguments. Fesler and other campus leaders will then take the floor to elaborate on the details of the plan and to answer any queries that might be asked.

## Princeton, Colonial Debaters Meet Here

Ronald and Towberman Represent  
George Washington  
on Radio Control

George Washington University debaters met a visiting team from Princeton University in debates here last night at 8:15 o'clock in Corcoran Hall 15.

James Ronald and Alden J. Towberman, of George Washington, upheld the American system of radio control, while Edward S. Pritchard, Jr., and Noel Hemmendinger, of Princeton, argued in favor of adoption by the United States of the British system.

The Colonial debaters claimed that under the British system, where radio control is in the hands of the government, the tax of \$15 per set was too much to pay for "ether" entertainment. They also contended that a government controlled system would necessarily result in a suppression of freedom of speech.

Princeton's representatives replied by stating that the American system was undesirable because there was no check on the amount of advertising put on programs.

Ronald is a student in the Law School and has been a member of the varsity debate squad for two years. Alden J. Towberman is in the Junior College and took part in his first intercollegiate debate last night.

## A Single Load of Gravel Will Fix The Mudhole Behind Corcoran Hall

The rainy season is here. It may be expected that it will continue for a month or six weeks and the wise policy is one of preparation. To get down to facts, there is a big mudhole at the foot of the steps leading from the rear entrance to Corcoran Hall. It has been there for weeks and it is usually full of water long after the rain has subsided. It would take no more than one wheelbarrow full of gravel to fill this hole and eliminate much splashing and be-splashing on the part of students hurrying to and from classes in this building. The Hatchet meekly suggests that it is entirely possible to correct this condition without further delay.

## There Will Probably Be a Rush Now To Get a Chance to Sell Baseball Tickets

In about three weeks spring baseball begins. As yet very marked apathy has attended the sale of tickets. The athletic department has announced a plan whereby students may sell these baseball tickets on a commission basis and thereby earn some money for cokes and at the same time do a very distinct service to the athletic department, the University, the National Civic Fund, and the citizens of Washington. It is too good an opportunity to let pass and The Hatchet suggests an early appearance at the athletic office to insure a proper share of the profits to be gained from the sale of baseball tickets.

## Erection of a Bandstand Would Do Much to Help Spring Concerts

It will soon be time for band concerts. Last year the band was forced to hurry into the yard, and arrange the benches from their customary places into some sort of an arrangement suitable for the staging of a concert. Then after the concert was over, either the band or some other persons had to replace these benches or else they were left scattered for students to fall over and strew about.

The Hatchet suggests that this spring some permanent arrangement in the form of a platform or bandstand be provided for these concerts and such other gatherings as may be staged in the college yard. There will be plenty of use for such a structure. Pep rallies, miscellaneous meetings and the like are forever with us and some permanent structure placed in a strategic point will eliminate much confusion which heretofore has resulted from gatherings of this sort.

## Pi Delta Epsilon Should Be Assured Of an Open Date for Their Dollar Dance

Pi Delta Epsilon has arranged with the social office in Lambie House for a dollar dance to be given April 21. This dance is for the purpose of raising money to assist Pi Delta Epsilon in conducting a convention of local high school newspapers and year books. Pi Delta Epsilon is to be congratulated for sponsoring such a worthwhile meeting and no unnecessary obstacles should be allowed to jeopardize the success of the event.

The Hatchet has understood that when a subscription dance was booked for Corcoran Hall, it was given preference over all other social functions in the University, and it is suggested that the proper authorities from the Student Council take such action as is necessary to assure this honorary fraternity an open date on April 21.

## John Madigan Is a Hard Worker; He Deserves All Your Cooperation

John Madigan will edit The Hatchet next year. His election climaxes a brilliant career in journalistic endeavors at George Washington. That The Hatchet will prosper under his guidance is assured if past performance is to be taken as any indication of future worth.

## Will the Student Council Invite Interested People to Attend Their Session?

Speakers' Congress is holding an open forum discussion tomorrow afternoon at which time the pros and cons of the proposed reorganization of the Student Council will be discussed. Members of the Student Council have been invited to attend. There will be present many leaders in campus activities and the meeting should serve to throw light upon the greatly misunderstood plan of Student Council reorganization.

The Hatchet suggests, however, that if it is not

possible for Student Council members to attend this open meeting of the Speakers' Congress that such interested persons as may care to go, be extended the privilege of attending the meeting of the Student Council, which it is presumed will be held tomorrow evening. The object of the attendance of these people would be to clarify the position of the Council and of those individuals who are in favor of the proposed change. Will the Student Council extend this invitation?

## Bouquets and Brickbats

Your own ticket for the Zeta pledges who while searching for the janitor in the basement of a University building were given a King Kong thriller when the blue, white, and red flares of electrical engineering experimentation equipment sent them helter skelter from the cavernous depths with screams which would make Amanda Chittum green with envy . . . after all, basements should never be explored . . . alone . . . and it's decided bouquets for the German Embassy, which crashes through with the finest gift ever received by the G. W. book emporium . . . then there's our own Father Madigan of Falls Church and journalism fame, who gets the Winchell orchid (if we had a Winchell orchid to give) for his election to the editorship of The Hatchet . . . then there's a posse for each of the University equestriennes who rode in the Society Circus . . . and of course, congrats for those elected to Hour Glass . . . seems that G. W.-ites can occupy the diamond at a time . . . the Council would hoot the picnic . . . we still insist it could be made interesting . . . and has possibilities . . . but then The Hatchet mania must be attacked and one can't spend too much time on such prosaic things as picnics . . . G. W. takes the air in a big way when its professors get an opportunity to rant and rave into the mike to disturb people's placid after-dinner slumber . . . it will be a 15-minute broadcast . . . really a big break for the U. and the network as well . . . ## CHIPS

Among events which Rollo would term as allied to April Fool's Day doings is the announcement that Betty Wheeler will assist in re-landscaping the old Lee Mansion. If she does as good a job of it as her daddy did on Rollo's payroll, it ought to be a honey. Val Darling—"It gives me great pleasure to again disagree with Mr. Fesler."—Just a bushy's first day in the big league. Bruce Kerr goes S. A. E.—W. C. T. U. accepts petition of local group—Installation by Bishop Cannon soon. "Alcohol" Johnston, Sigma Chi's little Hitler, will be Fiddle de Dees' candidate for Student Council from Law School—"would like to sit on Hatchet," says campus Nazi.—We have a few extra copies left from last week, Alky. Come over and sit as long as you like. Maybe YOU can hatch something. Caminita, Hatchet star reporter, lands Cue and Curtain role—the lead?—well, practically so. Here 'tis: On grand triumphal entry in cataclysmic tones he says, "Yes, senorita"—Second grand entry (house shakes with applause)—he fools them when he avers, "No, senorita"—Grand finale, he registers imperturbability—pictures of ze gran! Theatrical in his finale will be on sale soon. Liebler complains that the activities of couples on the second floor of the library wanders far from study—It's too bad Maggie objects to double-dating. "Did You See" dies as Dille resigns.—Yes, Oswald, "I know they call it sent to the showers in baseball."—It's Bill Hanback who collects that 15 per cent, is the opinion of lads when girl friend Ruth shows up at the Phi Sig turnover with a corsage—Gone Van Demark on us, eh?—If Prichard has the same effect on all athletes at Duke that she has on Singleton, as the latest baseball reports indicate, they will be hiring her to attend there regularly. The Draper-Jones reform committee cramped the style of the freshmen autographers with the idea of Rhetoric proctors. Most of the proctors were caught with lists of names to sign. Hickman, Farrington, Carlin, and Dooze want to know why the coaches kicked the four best football players out of the house. Two-gun Wright swiped Red Hoyle's goil. Robert Herzog, heir to a quarter million dollars, announces that he will make Van Demark's reputed millions look like small change, even if he has to buy a car so big that he'll have to back it up to turn around corners. Katherine Kramer, new female political menace of the freshman class, recalls just horribly at being called Kitty—whatsamatta, Kat, does it strike you too close to home?—Despite the fact that the S. A. E. April Fool brawl was rife with debbies—you know, the kind that pose for pictures with horses, Christmas Seals, dogs, Naval Ensigns, and other junk—Dot Thomas, "The Romantic Young Lady," and Peggy Bastable panicked the boys in pink and blue ensembles, while Chris Spigul (as usual), Jane Rhodes and Edith Bruce kept them agog at the Phi Sig hunky dunk. By the way, for Gawd's sake, Rhodes, would you mind desisting from those spontaneous songbird illusions that seem to grip you on fraternity house stairs?—We'll have the boys put a few lights there next time so you poor, weak little gals won't have to yodel for protection. Just to prove that times have changed, how do you like Barney Conger in that new chaperon role—don't you think a moustache for a little effect would help a bit, Barney?—Maybe it's a good thing that Goode had to work Wednesday, so he just couldn't see his way clear to meet Fesler in a verbal to-do on this reorganization thing. "What is reorganization?"—This, my children, is something different, that, when finished, will turn out to be the same thing. The visiting Einstein, Finklestein, also a friend of Moss, could also be a friend of any student in Ragatz' class if he could make himself into one of those vest pocket editions, when the old Guggenheimer winner goes on one of those date sprees. Talking about Ragatz winning the Guggenheim award, please note, EVERYBODY, next year is the time to take that course in European History that you have been putting off so long. Dere Betty: Letter in the mail box Wednesday; go catchem. Not to be outdone on the poetry craze, here is a typical Betty Rollo offering: And I'll get no swig in hell from Rollo Din. Yes, Din, Din, Din. You gossiping, merciless Rollo Din. Though I've belted you and flayed you By the living Gawd that made you, You're a better MAN than I am, Rollo Din. What Din! And I guess that should be enough, so help me, ladies and gentlemen. Au revoir and pleasant dreams. OLE PAY-OUT ROLLO.

## Did You Know That . . .

Scholarship index of the students at George Washington University is slightly lower this year, according to Fred E. Nessel, registrar, who gives the following figures:

The total average index for all departments the first semester last year was 2.27, while it is 2.21 for the first semester this year.

An average index of 2.03 for men is only slightly lower than last year's figure of 2.06, while the average index for women shows a larger difference, being 2.58 last year and 2.46 this year.

Higher scholarship index is achieved in Columbian College and the Department of Fine Arts.

The following gives an interesting comparison by departments:

	Last Yr.	This Yr.
Junior College	2.16	2.12
Columbian	2.45	2.63
Engineering	2.03	2.02
Pharmacy	2.06	1.95
Education	2.68	2.52
Government	2.61	2.55
Library Science	3.07	3.06
Fine Arts	2.45	2.47
University and Ext.	2.13	1.92

A comparative study of scholarship index figures show that women have higher grades in Junior College, Columbian College, Education, Government, Fine Arts, and University and Extension, while men excel in Engineering, Pharmacy, and Library Science.

That the number of degrees conferred by George Washington University has steadily increased in the last 10 years, is also pointed out by Mr. Nessel.

Approximately 28 per cent of the 5,848 degrees bestowed on undergraduates in the last 10 years were LL. B. and about 10 per cent were M. D. Of the 1,032 degrees granted to graduate students, approximately 10 per cent were Ph. D.

In 1931-1932 there were 847 degrees conferred which is the largest number granted by the University in any one year and is 20 per cent increase over the number of degrees given the previous year. Of the degrees conferred in 1931-1932, 698 were to undergraduates and 149 to graduate students.

The major portion of degrees are conferred at the June convocation. However in February, 1933, there were 188 degrees given, of which there were one M. D., 24 LL. B. and two Ph. D.

The speech in commemoration of John Galsworthy delivered at the February Convocation of George Washington University by Henry Seidel Canby appears in the March 18, 1933, issue of "The Saturday Review of Literature."

The illustration class in the Art School is designing a cover for the "House Beautiful" magazine's annual nation-wide contest. The prizes are \$500; first; \$200, second; and \$100, third.

## Thanks Hatchet

To the Editor:

Since I am discontinuing my connections with the Troubadours, I want to leave with you and The Hatchet staff just a few serious and sincere words.

Troubadours has meant a great deal to many of us, both for its absorbing interest value and for the distinct educational value to those producing its shows. The loyalty of those working in Troubadours and the continued cooperation and backing given by The Hatchet has made it an outstanding asset to G. W. as is indicated by letters from other universities and the interest shown by local high schools. The Cue and Curtain, with your help, is fast gaining similar prominence.

At last a major move has been promulgated by the formation of a dramatic board to act for the welfare of both dramatic groups. I sincerely hope that the same consideration and cooperation will be accorded not only my successor and the new staff to be elected, but also to this dramatic board whose high aim is the establishment of a theatre at George Washington University. Loyalty to individual organizations must be tempered with complete cooperation among them all so that they may rightfully become fine assets to George Washington University, which is, in our hearts and minds, the finest university in the country.

Very truly yours,  
DAN BEATTIE.

## Shosteck Replies To Student Criticism

To the Editor:

Naturally, one of the five and one-half communists on the campus would raise objections to observations on certain peculiarities of the Communist movement. I regret that the "mature-minded" Comrade Braunstein took me so literally when I used the phrase "good fortune" in referring to my feelings toward certain Communists whom I chance to meet on the campus.

In remarking in my article that "every human interest is catered to by the Communists," it was my intention to point out that the multiplicity of clubs, leagues, congresses, and societies, each run by a few Red functionaries, are not so much ends in themselves, but often merely recruiting grounds for the Communist party. An amusing example of how they run many organizations chiefly for political purposes was that instance where they started a John Reed Club among some of our foremost local artists and literati, among these innocents some G. W. U. students. After a short time, our erstwhile eschets were listening to lectures on Communism and were being asked to hawk the Communist "Daily Worker."

I still hold to my contention that they do not suffer from boredom, ennui, etc., in view of the never-ending "Buro," "Agitprop," "politburo," "central committee," and such-like meetings at which Comrade Braunstein et. al. lay plans for the revolution.

The logic of my critic is woefully off edge when he finds justification in inferring that "golfing, ping-pong, etc." are part of my program for the achievement of a new social order merely on the grounds that I have stated that these "are woefully neglected by the Red program."

I should venture to say that any freshman might pass 100 per cent the initial test offered by Braunstein: Example—Y. M. C. A., G. O. P., U. S. A. But as for the dozens of initials which our critics are wont to spout so nonchalantly, not one, I venture to say, is known to the average G. W. U.-ite, and perhaps even the "mature minds" (a Red monopoly, I suppose, according to Braunstein) might slip up on quite a few.

R. SHOSTECK.

## Marshall Addresses Local Liberal Club

Dr. Robert Marshall, chairman of the Washington Civil Liberties Committee and noted arctic explorer, addressed the Liberal Club for the second time in the past few months at a meeting on Tuesday evening, March 28, in W-17.

The gathering was called as a "Free Tom Mooney!" meeting, and Dr. Marshall addressed the club on various phases of the case, quoting the long-suppressed Wickham report on judicial methods in the United States.

After Dr. Marshall's address, there was a general discussion of the case of the union organizer, who was given a life sentence in San Quentin 17 years ago for an alleged complicity in a bomb plot. New plans for obtaining a pardon or vindication for him were discussed, and the meeting passed a resolution in support of a "Mooney Conference" to be held in Chicago this summer.

# Delta Tau Delta Wins Interfraternity Bowling Championship

## SPORT axe T

By  
JOHN BUSICK

There's nothing like nice spring weather to bring out the athletes in droves and Messrs. Pixlee, Walsh, Farrington, Sexton, etc., have their hands full with one thing and another. Those 21 backs are taking the time of both Pixlee and Bill Meyers. It looks like the shoes of Fenlon, Kriemelmeyer, and Carter will be ably filled by the time that Catawba game rolls around next fall. However, those 40,000 fans and press box full of writers won't forget Soapy's performance in the Alabama and Oklahoma contests very soon. Particularly the latter, which closed a wonderful season for Johnny and the Colonials.

The Western flash, Tuffy Leemans, who came East with Joe Walsh, is one good bet to fill a worry in the "Possum's" mind. He rated with the best freshmen on the Coast last campaign and seems to be a triple threat in the real meaning of the word. Of course Capt. Lee Carlin is getting the play from the gentlemen of the press. He's a tried and true product, and kicks, passes, and runs the ball with equal ease.

Over in the baseball sphere Coach E. K. Morris has cut the deadwood out of his squad to the tune of some two-score men, leaving 19 to be welded into a fine team. With 13 pitchers remaining, the smiling mentor is still worrying about the hurling problem. Nothing to worry about in the other positions, though the hitting needs a little sprucing-up.

**LOOKING AROUND:** One of Morris' smoothest infielders, Ed Baer, had an ailing appendix removed last week and is doing nicely now, thank you. However, he has no chance to aid the G. W. nine this season. Freddie Sing-ton, mammoth Alabama ex-grid star, who played against the Colonials in the charity game two years ago, has been giving the Senators lots of trouble lately in the grapefruit league, playing with the Atlanta Crackers. One of Harry Kleiman's most attentive pupils at the Squared Circle meetings is Gilbert Conn, 200 pound griddier.

Roger Marquis, fourth string sub on the League A champion T. U. O. bowling squad, went out last week and trimmed the entire regular team in prepping for the Delt match. Boyd Hickman, intramural horseshoe champ last season, is all hot-up because the cup this year is twice as big as the one he won, and he's not eligible to enter again. Bill Hanback still claims a victory in the Phi Sig T. U. O. fracas which the latter won by 103 pins in the roll-off. Come on, Bill, admit fair defeat for once in your life. Antignat, frosh tennis man, captured the junior title in New Jersey last year. Fame in our midst, and we're just finding it out.

## Comeback in Last Match Wins Title From T.U.O. Five

Delt Anchorman Comes Thru in Pinch With Much-Needed Mark

**TOTAL PINFALL SMALL**  
Capacity Crowd Witnesses Exciting Finale to Bowling Tourney

With a splendid display of ability, the bowlers of Delta Tau Delta, after an overwhelming first game defeat, came from behind to conquer Theta Upsilon Omega pinmen in the second and third games, and win the interfraternity bowling championship.

The result of the match was in doubt to the last roll of the anchor men. Delta Tau Delta had tied the match by winning the second game, and piled up a lead on Woodward's strike and spare in his final frame, only to see Walstram, T. U. O., duplicate the feat and keep his team in the running.

The decision resting upon their arms, both Hill, T. U. O., and Caredis, D. T. D., made 7 pins in their ninth box to keep the score identical. Faced with the necessity of a mark to win, the Delt anchor man came through with a three-pin spare to give the Deltas a final chance. Needing a four-pin drop to tie, and a five to win, Caredis gave the supreme effort and rolled a strike to more than make the needed margin for victory.

The match, rolled before a capacity

## Morris Wields Axe Again to Cut Squad

Following yesterday's baseball session, Coach E. K. Morris again wielded the axe with the result that the baseball squad is now cut to 19 men. Another cut will be made by Morris before the opening game, and any promising men from the intramural league may be added for a try-out.

The squad: Pitchers—Helvestine, Howell, Noonan, Leemans and Wine-gartner; catchers—Blackstone, Bomba and Griffith; infielders, Albert, Baer, Fenlon, Leing, Madden, Zahn, Irving, and Burgess; outfielders—Mulvey, Mel-polder, and Trilling.

## Boxing Tourney Tomorrow Night Co-stars "Y" Mittmen

Plans have been made to run a combined boxing tourney on Wednesday, April 6, at the Y. M. C. A., when the mitt-wielders of G. W. and those of the Y. will display their wares. The latter boxers are coached by Bill Stanley, former G. W. varsity man. Admission will be by athletic ticket, and intercollegiate rules will govern the decisions. While the welter and middleweight divisions are being heavily contested, it has been announced that there are still places for men in the feather, light and heavy weight groups. Applications must be filed at the athletic office not later than Saturday, April 8. A special meeting of the Squared Circle will be held Thursday, April 6, at 7 p. m. in the gym.

## Colonial Rifle Team Completes Season, Winning Thirteen of Sixteen Matches

Navy, V. P. I., V. M. I., W. & L., Johns Hopkins Among Season's Victims

Coach Parson's crack rifle squad closed its glamorous season by winning thirteen out of sixteen matches. Only two defeats and one tie marred what would have been a perfect schedule.

Strong teams that fell under the blasts of Colonial gunners were: Navy, V. P. I., V. M. I., W. & L., Johns Hopkins, and others. The Buff and Blue slipped on its first N. R. A. telegraphic match when a comparatively weak team, Western Maryland, suddenly developed hot fingers and out-shot the Colonial men. The other defeat handed G. W. riflers came when the Navy gunners sank the G. W. marksmen in a shoulder-to-shoulder match two weeks ago. Maryland University succeeded in tying the Buff and Blue marksmen.

Considering that this year's team was composed of new material, with the exception of Captain Brightenburgh and Manager Marano, Coach Parson's success in rounding out a winning team is a record for intercollegiate shooting circles.

George Washington should have a championship team next year. Every

FRANK PARSONS

man on the team is expected to return next season, with the exception of Captain Brightenburgh. Colonial riflers are Brightenburgh, Marano, Brylawski, Aud, Landman, Neal, Schmidt, Free, Fletcher, Cross, Turnbull Martin, Muir, Troupe, and Wooley.

Regular practice shoots will be held on every Friday evening for the remainder of the term.

## Junior Collegians Defeat Druggists

Southpaw Nolan Hurls Fine Ball as Mates Win Opener, 8-4

By JOHN BUSICK

Staging a four-run rally in the eighth inning to break a tie, the Junior College nine took the opening game in the intramural league yesterday, 8-4. The Pharmacy team, unable to stop the barrage of hits that flew from Junior bats in the game-deciding round, vainly attempted to turn the tide in their turn at bat, but were stopped cold by Bill Nolan, Junior southpaw twirler.

The first two batters, Koutsoukas and Herbert, were retired on as many pitched balls, and Edmondson, after fouling two pitches, fanned. This final retirement increased Nolan's strike-out list to six for the five innings which he hurled.

In the first round Pharmacy broke the ice with one tally on Koutsoukas' walk, theft of second and score on Edmondson's clean single. Bray added another run in the third when he reached second on a muffed fly, advanced to third on a sacrifice, and tallied on Herbert's scratch bingle.

In the fourth Pharmacy scored twice more and knotted the Junior spurge of four runs of the previous round to tie the count. For five innings the rival pitchers, Bray and Nolan, kept the game well in hand and an extra-inning struggle seemed probable. However, the eighth produced the Junior rally which decided the result.

Score by innings:  
Phar. 101 200 000-4  
Jun. C. 004 000 040-8

## Intramural Baseball Opens This Week

Schedule Lists Two Meetings Between Each Team; Season Ends May 27

Coach Jean Sexton's intramural baseball series, which had its gala opening yesterday with the Pharmacy and Junior College nines furnishing the action, gets down to real business this week with two more games on tap. Friday finds the Pre-Meds and Columbians hooking horns, while Saturday the Pharmacists have the Engineers as their second foe of the season.

Following this opening week, which brings all of the teams into action, scribes and followers of the series should get a line on the relative strength of the contenders. The Columbian nine is hard hit by the graduation of its stars to the varsity squad, and after three years of uninterrupted triumphs, seems destined to give up its title to another division.

Manager Russell Payne, of the Pre-Meds, had 34 candidates out for the first practice, and with such enthusiasm may expect to go far. Little information has been gleaned from the other teams practicing daily, but the first games will probably tell the tale.

## CORRECTION

Last week The Hatchet printed a story which erroneously stated that Max Rote and Dyer Gormley were eliminated in the first trials at the national collegiate swimming meet at Yale and failed to qualify. Rote and Gormley did not enter the meet, due to a misunderstanding in entry requirements. The former, who has yet to be defeated in three years of competition, was done an injustice, and The Hatchet regrets this mistake.

## Spring Intramurals List Many Entries

Sixty-five entries for the horseshoes tournament and 40 for tennis have been received by Jean Sexton, director of intra-murals; 15 students have declared their intention to participate in the golf tournament.

Courts for these sports will be put into shape this week and practice will begin immediately. Actual competition in the tournaments will not begin, however, until after the Easter holidays.

Competition in these sports is on an individual basis; any student in the University is eligible to participate, providing he has not previously won the championship in the sport in which he wishes to participate.

## Gridiron Prospects In Spirited Spring Practice Sessions

Scrimmages Put Carlin, Deming, Strayer, Edwards, and Leemans on Injured List

Old Man Weather gave the Colonial spring gridmen a break last week, affording four good practice sessions which featured fundamentals and short scrimmages.

The warm sunshiny afternoons instilled into the men reporting a world of spirit and pep, and the week's work left Coaches Pixlee and Walsh in seeming good humor as the drills took on an atmosphere of early fall practice. Competitive spirit is running strong, as is evidenced by the zeal the gridgers have shown in the daily tilts.

The work of several of the candidates brought smiles of delight to the faces of the coaches as the men went at things in a very business-like manner. Bomba, husky fullback of last year's freshman squad, showed a drive that reminded one of the line-smashing Savoldi, of Notre Dame fame. Leemans continued his strong bid for a berth as a ball carrier by reeling off several runs and displaying an all-around ability. In the line, Bill Wright is taking a slight lead over the other centers by his vicious tackling and excellent line play; Rathjen is a very strong contender for the same position. All of the pivot men are fighting

## Fraternity Baseball Teams Preparing For Annual Series

Scenes of rivalry in interfraternity sports will change from maple pins and pine alleys to green tinted turf and dirt-covered fields beginning next Sunday, April 9, when the Greek baseball series begins.

Baseball, one of the most popular activities on the sports calendar because of the number able to participate, has provided many scenes of early Sunday morning entertainment.

Although due to feel the loss of men out for the varsity team, the games will make up in rivalry what they lose in skill.

Arrangements for the games are to be made by the team managers previous to the games. All tie or postponed games are to be played before the next scheduled game in order to avoid conflicts in the schedule.

## Frosh Tennis Team Meets Strong Foes

Freshman tennis will be a regular activity at G. W. this year. A schedule to be played exclusively on foreign courts dating from April 20 to May 25 makes an attractive invitation to youthful stars.

A list of elimination matches to be played in an effort to select a team can be found in the Assistant Director of Athletics Max Farrington. These matches must be played by Monday. Any other men who want to try out should communicate with Mr. Farrington.

The tentative schedule follows:  
Episcopal High; April 20 (tentative)  
Western High; April 28.  
Georgetown Prep; May 5.  
Eastern High; May 10 (tentative)  
St. Albans; May 15.  
Central High; May 17.  
Friends School; May 22.  
Severn School; May 25 (tentative).

## Varsity Tennis Men In Challenge Matches

Candidates for Varsity Golf Team in Play-off Matches This Week

Varsity tennis candidates will play their first challenge matches this week. A listing below gives the original groupings for the candidates. Any whose names is not included may participate by notifying Max Farrington. The matches for April 7 and 8 in Pittsburgh will be postponed until later in the season if the necessary arrangements can be made.

First round groupings follow:

R. Robinson vs. R. Sherfy.  
L. Sherfy vs. D. W. Bennett /  
C. Smith vs. T. Pierce.  
R. Moore vs. J. Donoghue.

Golf team candidates are playing off their matches within the week. An attractive program has been planned, and it is hoped that the "tee-to-greeners" will meet with more success this season than they did last season. Preliminary registrants were: W. E. Coleman, F. W. Reeves, E. M. Kniebly, C. F. Kolb, L. Simon, J. L. Madden, J. M. Swayze, L. P. Sherfy, R. P. Sherfy, Craig McKee, and Lee Shedy.

Thomas W. Gerber of the executive staff of the United Press says: "Seeking, reporting, interpreting and distributing news is today a complex business, an exciting profession, a responsible career. It is a field only for serious-minded, clear-thinking men and women. The day of romantic, adventurous assignments is largely over."

**THERE'S** no more "newspaper game." Today, it's a business—still exciting, but calling for all-round resourcefulness. That's why newspaper men agree with college men in choosing a pipe as their favorite smoke. A pipe helps a man organize his mind for clear thinking.

Why did college men choose Edgeworth as their favorite smoking tobacco? Because it's individual! A blend of fine old burleys that's different.

But the proof of the pudding is in the eating. So drop a line to Larus & Bro. Co., 103 S. 2nd St., Richmond, Va., and let them send you a free sample of Edgeworth to try before you buy. You'll like it!

#### Shack Shindigs Show Some Snappy Syncopation

The S. A. E.'s dipped into the well of gaiety April 1, and brought forth a Saturday evening of jollity and dancing in subdued and extravagant tempos. Jerry Free's Globe Trotters paused in their trotting long enough to pour out the melodies.

Ancient and medieval history helped form the background for the Phi Sigs' dance last Saturday night. How? Well, the Vikings of Rodney Hart sailed in with the music, the punch was Roman (it roamed from basement to upstairs), and a high-school Apollo sang the vocal refrains. Helen of Troy wasn't there, but a lot of co-eds were.

Treble syncopation made up the card at the Sigma Nu dance Saturday night. Traipsing daintily and twisting derisively, the Sigma Nu's and their guests danced at the house from 11 to 2, with the Easy Aces supplying the music.

Professor and Madam Ernest Durig were hosts to the Art Appreciation Club Friday, March 31, at their studio.

#### Local Equestriennes Ride in Society Circus

Many of George Washington's fair damsels participated in the Society Circus held at Fort Myer last week end. Virginia McDonnell, Helen Hodgkins, Ann Nelson, Peggie English, Alice Kennedy, Joan Darby and Margaret Honeycutt were of that number who were getting ahead by "leaps and bounds."

George Washington University was well represented at the Annual Dinner of the Baptist Students' Unions of colleges in Washington and the vicinity, held at the Baptist Memorial Church Friday evening, March 31. Dean Wilbur delivered an address, and several students spoke. Dick Rollins, the retiring president; Frances Carden, the newly elected president; Margaret Arnold, and Howard Reese delivered orations that were greeted by cheers. Charlotte Schneiden was toastmistress.

Ruth Atwell, executive officer of the Physical Education Department for Women, is attending two conventions in New England this week. During the first part of the week she will be present at the annual meeting of the Eastern College Directors of Physical Education for Women, being held at Mt. Holyoke College, South Hadfield, Mass. Thursday, Friday, and Saturday will be taken up by attending the convention of the Eastern District of the American Physical Education Association at Springfield, Mass.

### Feiker Is Elected To Head Women's Athletic Association

#### Sophomore Receives Recognition for Committee Work and Soccer Play

Gretchen Feiker was elected president of the Women's Athletic Association at the annual election Wednesday evening, March 29. Other officers chosen at that time were: Louise Cox, vice president; Henrietta Hobson, recording secretary; Rhoda Bloese, assistant secretary, and Mary Lee Watkins, treasurer.

Following the W. A. A. elections, class managers were chosen. Meriam Casteel was elected from the senior class, Frances Thompson, from the junior class, and Marjorie Sehorn, from the sophomore class.

Installation of these officers will be held Wednesday, April 5, at 7 o'clock in Corcoran 29.

Gretchen Feiker, who is a sophomore, has done outstanding work in W. A. A. She held the position of soccer manager this year as well as ably serving as head of the ways and means committee of the W. A. A. She has received major letters in soccer and hockey and minor letters in tennis and basketball. Louise Cox has been secretary of W. A. A. for the past year as well as holding major letters in hockey and basketball.

### Panhellenic Dance Orchestra Chosen

#### Poole's College Club Band Will Furnish Music for Annual Affair

Eddie Poole and his College Club Orchestra from North Carolina State College has been chosen to furnish the music for the Panhellenic Prom, it was announced yesterday by Harriet Atwell, chairman of the Prom Committee. The 14-piece orchestra brings with it a number of unique features, including a charming "torch singer" and a "utility man."

The orchestra during the past winter has enjoyed a successful season at one of the resort hotels at Southern Pines, N. C., in addition to regular appearances on the air. It has played for many school and club dances throughout the South in addition to several trips to the Middle West. It is noted for the melody so typical of outstanding southern orchestras.

The Prom will be held in the main ballroom of the Shoreham Hotel on the evening of April 28. A "no corsage" rule will prevail for this year's affair in an effort to reduce expenses as far as possible.

Mary Louise Yauch, Phi Mu, and Betty Garrett, Pi Beta Phi, are serving on the committee in charge of arrangements.

#### OILING YOUR HAIR

Of course when you want to oil your hair, there are several methods. The natives of the Fiji Islands put a lump of butter on top of their heads and stand for an hour in the sun. This is undoubtedly the simplest way to do it! The more modern method is to rub some oil lightly into the scalp, wrap towels and a rubber cap around your head and try to sleep on the subject.

But when you want to make a grand impression on the one and only or several. Give yourself a professional oil shampoo. This is the method. First brush your hair well—and if you remember last week's lesson, you will brush UP from the scalp. Then, placing the thumbs against your temples, spread your fingers through the hair and rotate the scalp. Your fingers will be absolutely still—only the scalp moves. Shift the position of your hands occasionally so that you get the whole scalp rotated in this way.

Now heat the balsam oil over a candle in a teaspoon, if you have nothing else. It has a tingling, invigorating smell—like a whole forest of pine trees. Don't let the oil get too hot! When it is pleasantly warm, you can apply it—either by parting your hair and using cotton to dab it on, or by using it in a medicine dropper.

Wrap your hair now in a Turkish towel and forget about it for half an hour. It's a good chance to smooth on your pasteurized face cream—give your complexion a break, too! If you have a heavy date and time is precious, you can shorten the time 15 minutes by wrapping hot towels around your head. Heat will open the pores of the scalp so that they absorb more quickly. You will naturally follow the oil treatment with a herbal shampoo. This combination will leave the hair glossy, smooth and fragrant. It will be easier to wave, too—and it will hold the wave.

How often should you use it? Well—for very dry, brittle, lifeless hair, you need it about once a week. Normal hair should have it twice a month and oily hair needs it that often, too. Indeed, oily hair is normalized by balsam oil—for a lot of technical reasons.

### Annual Fete Planned By Columbian Group

The annual banquet culminating the thirty-ninth year of the active existence of Columbian Women will be held Wednesday, April 19, at the Chevy Chase Club.

Mrs. Joshua Evans, Jr., member of the board of trustees of the University, and for many years prominently identified with the affairs of the University and of Columbian Women, has accepted the program chairmanship. Mrs. Evans has been responsible for many brilliant banquet programs in the past, including the one two years ago which was distinguished by the presence of the First Lady of the Land.

### Columbian Women To Hold Reception Today for Marvins

#### Motion Pictures in Natural Color Feature of Year's Final Program

President and Mrs. Cloyd Heck Marvin will be the guests of honor at a reception to be held by the Columbian Women this afternoon at 4 o'clock in Fellowship Hall of the Western Presbyterian Church, preceding their April meeting. President and Mrs. Marvin will receive with Miss Elizabeth Peet, president of Columbian Women.

At the tea table will be Mrs. G. Carroll Todd and Mrs. Frank P. Bunker. Mrs. Joseph W. Cox, chairman of the hospitality committee, will have as her assistants Mrs. Edwin C. Brandenburg, Mrs. Charles E. Hill, Mrs. William Cullen French, Mrs. Harold G. Sutton, Mrs. A. Curtis Wilgus, Miss Anna Pearl Cooper, and Mrs. Russell Shelk.

At the meeting following the reception Dr. Marvin will show his deep sea motion pictures. These remarkable pictures are the first in natural color ever secured of life under the sea. They were taken two summers ago on an expedition which President Marvin made to the West Indies in company with Dr. Paul Bartsch, head of the zoology department of the University and curator of mollusks of the National Museum. In a diving suit, Dr. Marvin remained for long periods on the ocean floor, from six to 30 feet below the surface, taking exposures by a newly developed method which made possible reproduction of the gorgeous coloring of the undersea jungle and of the thrilling drama of undersea life.

### Columbian Women Guests at Luncheon

Miss Elizabeth Peet, president of Columbian Women of The George Washington University, entertained at luncheon on Saturday, April 1, at 1 o'clock, at the clubhouse of the American Association of University Women, when her guests were the officers and other members of the executive committee of Columbian Women.

In the company were: Miss Harriet Garrels, first vice president; Mrs. Joseph W. Cox, second vice president; Mrs. Willard Hayes Yeager, recording secretary; Miss Margaret Maize, corresponding secretary; Miss Mildred Getty, treasurer; Mrs. Russell McNitt, assistant treasurer; and Mrs. Joshua Evans, Jr., Mrs. Paul E. Heyl, Mrs. Henry Grattan Doyle, Miss Alice Hutchins Drake, Miss Rhoda Watkins, Miss Ruth Bennett, Mrs. John Paul Earnest, Miss Anna Pearl Cooper, Mrs. William Cullen French, Miss Marcelle LeManger, Miss Grace Viola Wright, Mrs. Russell Shelk, and Miss Cecile Harrington.

### Posts as Sport Managers Open to University Women

Seven managerial posts for women's sports during 1933-34 are now open, according to an announcement made by the Women's Athletic Association last Wednesday. All applications should be made to Gretchen Feiker, newly-elected president of the W. A. A.

### Alpha Delta Theta Scores as Women End Pin Schedule

#### Tennis and Horseshoes Will Feature Sport Calendar for April and May

The playing of the Alpha Delta Theta-Zeta Tau Alpha bowling match on March 28 officially ended the elimination tournament sponsored by the Women's Intramural Board. Alpha Delta Theta fared out its opponents by a scant 3 points to clinch the bowling title, the final score being 252 to 249.

The intramural sports for the months of April and May will be tennis and horseshoes. The former tournament will be in charge of Ruth Young, Phi Delta, and the latter will be managed by Caroline Becker, Delta Zeta. All sororities are expected to enter teams in both tournaments, the schedules of which are to be announced at a later date.

In the race for the Intramural plaque, which is awarded annually to the team winning the greatest number of points, Alpha Delta Pi is leading with a total of 35. The winner of each tournament is credited with 10 points and the runner-up with 5 points.

The comparative rating of the Intramural teams follows: Alpha Delta Pi, 35; Chi Omega, 10; Kappa Kappa Gamma, 10; Alpha Delta Theta, 10; Phi Sigma Sigma, 10; Sigma Kappa, 5; Zeta Tau Alpha, 5.

### Rifle Team Loses In Maryland Match

#### Women Sharpshooters De- feated by Five Points in Recent Contest

With an exceptionally high score, the women's rifle team of Maryland University defeated the G. W. five, 499 to 494, in a match shot on March 25. The winning team missed the perfect score of 500 by only one point. Despite its loss, the G. W. team made a creditable showing.

The results of the match are as follows:

### Frosh Women Hear Public Health Nurse

Attractions and hardships of public health nursing in the rural field were told to freshman women at last Wednesday's assembly by Miss Eleanor D. Gregg, Supervisor of Nurses of the United States Indian Office. Miss Gregg's was one of the series of vocational talks arranged for women members of the freshman class by Mrs. Vinnie G. Barrows, Director of Women's Personnel Guidance.

For several years, following her return from France where she served as a Red Cross Nurse during the World War, Miss Gregg was responsible for health conditions among 12,000 Sioux Indians on the Rosebud and Pine Ridge reservations as the first public health nurse in the Indian Service.

A woman who would go into the nursing field must be prepared to give someone else all of her information and opinion and then have another make the decisions, for though the nurse be prepared to do the right thing in an emergency, final responsibility always is carried by the doctor, Miss Gregg pointed out. This, she said, is found irksome by some personalities and is a point to be considered in the choice of nursing as a profession.

## Six Alumni Seeking Positions on Board

### Ballots for Nomination of Trustees Issued by Executive Committee

Ballots for the nomination of alumni trustees of The George Washington University have been issued by the Executive Committee of the General Alumni Association. Alumni of the University are represented on the Board by six trustees nominated from among their own number. Two alumni trustees are elected each year for three year terms.

The six alumni whose names appear on the 1933 nominating ballot are:

Bennett Champ Clark, LL.B. 1914, United States Senator from Missouri. George Edgar Fleming, LL.B. 1889, LL.M. 1890, vice president and assistant trust officer, Union Trust Company, and an alumni trustee since 1932.

Adolph A. Hoehling, LL.B. 1889, LL.M. 1890, LL.D. 1932, vice president and general counsel, National Metropolitan Bank, and formerly associate justice of the Supreme Court of the District of Columbia.

J. Edgar Hoover, LL.B. 1916, LL.M. 1917, director of the United States Bureau of Investigation.

Luther Halsey Reichelderfer, M.D. 1889, LL.D. 1932, president of the Board of Commissioners of the District of Columbia.

Paul Edgar Shorb, LL.B. 1920, member of the law firm of Covington, Burling & Rublee.

A final ballot, carrying the names of the four nominees who receive the highest number of votes on the nominating ballot, will be issued on May 1.

## Poetry Club Seeks Entries for Contest

A poetry writing contest is being sponsored by the Modern Poetry Club, entries for which are to be read Friday April 21, at a meeting of the Club. Anyone in the University is eligible, and should submit poems to Ann Burger at the Alpha Delta Pi rooms.

Jean Kirkwood took charge of the last meeting Friday, March 31, reading the poems of Rupert Brooke, after a brief discussion of his life and character. Next week, Violet Gobel and Carrie Fulton are planning a unique program, which will be given Friday, April 7, at 12.30 p. m. in Corcoran 17.

Following the address by Dr. Gregory, Dean Lapham, of the Engineering School, will present the Phi Theta Xi Activities and Scholarship Plaque to the most deserving senior in the School of Engineering, and the Sigma Tau medal to the man who has maintained the highest average throughout his freshman year.

The banquet will be concluded with a program of "snappy" entertainment, the nature of which is being withheld by the entertainment committee as the surprise of the evening. The Engineers' Council, as sponsors of the banquet, and the committee headed by Harry Yinger, are certain that with a considerable reduction in the price of admission, this year's banquet should prove a very popular "Engineers' Homecoming."

## Proposed Student Council Reorganization "Die Grosse Politik" Donated to Library

(Continued from page 1)  
the band form a board for the consideration of whatever problems may be common to these organizations. The formation of such a board may not be necessary. It may be possible for the glee clubs or their representatives to cooperate with representatives from the band and the orchestra in selecting a Student Council member to represent them. However, it does seem to The Hatchet that a board of musical units would be a step in the direction of more closely affiliating the interests of those people on campus whose tastes run along musical lines, and certainly, formation of such a board could do no harm and it would be at least paving the way toward selecting a Student Council member to represent four very active organizations in the University.

In the case of the Interfraternity Council, Panhellenic Council, and the four classes, no further organization would be necessary. One member of the proposed Student Council could be elected from each of these groups without further ado.

Debating teams and clubs whose primary function is that of debate and consideration of problems affecting life at the University could easily form another board for closer cooperation among and between their several members. The Hatchet suggests that men's debate, women's debate, Speaker's Congress, Liberal Club, the Philippines Club and any other like organizations should have representation on this board. At the most, two meetings of representatives from these organizations would suffice for the formation of such a board. Then this board could elect a member to the Student Council.

The president of the proposed Student Council would be elected at large and would serve in the capacity of presiding officer and general director of the activities of the new Council.

It is easy to see from the above outline that membership in the Student Council as proposed by the plan of The Hatchet would result in the election of people of proven ability and lively interest in student affairs. And it is only reasonable to suppose that those of such ability and interest are worth more to the student body than a Council, the chief interest of whose members has been their own election.

The proposed Council as outlined would consist of twelve members and a presiding officer. It might be advisable to include representatives from some other activities. Such cases would bring themselves to the attention of the new organization in due time. Quite possibly professional organizations should be recognized and given representation on the Council in order to give the law and medical schools some more active interest in what goes on in the University generally. These details would have to be left to work themselves out as the merit of their respective cases made itself known.

## German Embassy Presents Secret Papers Publication to University

A set of "Die Grosse Politik," the forty-volume publication of secret papers from the archives of the German foreign office, has been donated to The George Washington University Library by the German Embassy of this city, according to an announcement made by Professor A. F. Schmidt, librarian.

This gift was made through the intermediacy of an alumnus of G. W., Frederick Adler, of the German Embassy staff. The work will be used extensively by Dr. Ragatz's pro-seminar class in Triple Alliance and Triple Entente. Both Prof. Schmidt and Dr. Ragatz consider these books to be the finest gift ever received by this Library.

"Die Grosse Politik" contains the dispatches received from German diplomatic representatives abroad, the marginal notes made thereon by Bismarck and his successors, memoranda drawn up in the foreign office, and the instructions sent to German ambassadors and ministers, from 1871 to 1914.

The documents printed in this monumental publication reveal the inner workings of the German nation, and in many cases place Germany in a more favorable light than has hitherto been the popular belief. This work is considered indispensable in obtaining a knowledge of the underlying causes of the World War.

## Current History of Spain Topic at El Club Espanol

## Mention Two Alumni For Appointive Jobs

Two graduates of the University were mentioned last week for public office.

Alexander Wilbourne Weddell, LL. B. 1908, is being urged for the post of Ambassador to Italy. Mr. Weddell, for a number of years a member of the United States Foreign Service, takes an active interest in the affairs of the University. One of the most coveted of the University awards was established by Mrs. Weddell in honor of her husband. This is the Alexander Wilbourne Weddell Prize, conferred each year for the best essay on international peace.

Etta Taggart, Washington attorney and a member of the Law Class of 1921, is receiving the endorsement of various civic and professional groups for the post of Juvenile Court judge.

## Student Appointed Instructor At New Harvard Hall Pool

Thomas E. Jones, G. W. student, is the swimming instructor at the newly opened swimming pool at the Harvard Hall Apartment. A veteran in the business of teaching people to swim, Jones will combine all of his talents in the successful operation of Washington's newest pool. He specializes in all types of instruction and is particularly adept in aiding female beginners.

STOPS CANNON BALL!

### ILLUSION:

A "strong man" once gave public performances in which he stopped a 9 lb. cannon ball shot from a fully charged cannon. The audience gasped when the gun flashed and the human Gibraltar stepped forward out of the smoke uninjured, with the 9 lb. shot in his hands.

### EXPLANATION:

The trick lay in the way an assistant prepared the cannon for the performance. He used the regulation amount of powder and wadding, but placed the greater part of the charge of powder ahead of the shot. The cannon ball was propelled only by the small charge behind it which was just sufficient to lob the 9 lb. ball over to the strong man.

A performance sometimes staged in cigarette advertising is the illusion that cigarettes are made easy on the throat by some special process of manufacture.

**EXPLANATION:** All cigarettes are made in almost exactly the same way. Manufacturing methods are

standard and used by all. A cigarette is only as good as the tobaccos it contains.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

In costly tobaccos you will find mildness, good taste, throat-ease.

Smoke Camels critically, and give your taste a chance to appreciate the greater pleasure and satisfaction offered by the more expensive tobaccos. Other cigarettes, we believe, will taste flat and insipid to you forever after.

## Story of Mountain Life to Be Given By Drama Group

### "Out of the Darkness" Will Be Presented After Easter Vacation

"Out of the Darkness," illustrating that even simple mountain people experience real drama is the last of the three one-act plays, which the Drama Appreciation Club is presenting after the Easter vacation.

The role of Nathan, the husband, is taken by Harry B. Humphrey, who has played in several productions at Western High including "The Crimson Star," "The Belle of Bagdad," and "Purple Towers."

Eleanor Crowley, who has played in "This Romantic Age," at Wilson Normal, and also in "Rich Man, Poor Man" and "Blue Bird," is cast as the wife of Nathan.

The lonely shepherd, in love with Nathan's wife is played by Walter Nick, who has been in "The Belle of Bagdad," and "Purple Towers," at Western High, and in the Community Center one-act play tournament.

Bess, the spinster sister, gaunt and grim, is played by Mary Cox, who has been connected with the Woodlawn Players and the Triangle Players, playing in "Third Floor Front," "The Perplexing Situation," and in "Upstairs."

### GRIDIRON PROSPECTS IN SPIRITED SPRING PRACTICE SESSIONS

(Continued from Page 3.) for the spot left vacant by Blackstone, varsity center of last year.

Henry Strayer, backfield letterman who is being made over into a guard, has shown a lot of fight in scrimmage, and looks like he will deliver as a line-man. Harrison and Rhodes are seeing a great deal of service at the same hole. Stewart and Hickman, star guards of last season, will have plenty of men to back them next fall. Sid Kolker, former Tech high athlete, is unable to report for spring practice because of a bad knee, but the coaches are putting a lot of confidence on his being in there quite a bit at tackle when the season opens in September. Deming and Volkman are looking like real varsity material at the tackles this spring, and "Porky" Laas and "Mule" Watts are developing fast at the same position.

At present Bill Parrish, Ozie Wray, and Joe Edwards, lettermen, are leading the field at end, and are counted on to help replace the men lost at the wings. These boys are both husky and fast and do a good job of blocking a tackle and handling their positions on the defense. Prather, Benefield, Vonder Bruegge, and Ferbauer are furnishing plenty of competition, and the fight is turning into a real contest.

The scrimmages have not gone by without exacting their toll of injured. The linemen seem to have fared worse than the backs, with Deming sustaining a fractured nose, and Hank Strayer losing a couple of teeth. In the backfield, Capt. Lee Carlin had a recurrence of an old shoulder injury, while "Tuffy" Lee-man received a wrenched ankle. Several other men have received minor bruises and scratches, and the whole squad is complaining of very sore muscles.

In the remaining weeks of practice, Coaches Pixlee and Walsh hope to continue further drill on fundamentals and the development of the offense, which means many hard workouts interspersed with scrimmage.

## WHO'S WHO On The Campus

Dorothy Neiss, known to her friends as "Dot," is a senior in Columbian College and was elected to the Student Council this year as a representative from that school. At the present time she is serving as acting secretary for that body.

The University Hatchet was the starting point for her long list of accomplishments, first as reporter and then advancing to the business staff. Later she worked on the Cherry Tree, starting on the sorority staff and copy staff and then attaining the position of associate editor which she now holds. As a result of her achievements in this line, she was this year inducted into Gamma Eta Zeta, honorary journalistic sorority.

### COMEBACK IN LAST MATCH WINS TITLE FROM T. U. O. FIVE

(Continued from Page 3.) crowd, was filled with exciting moments as the bowlers made their seemingly impossible and dub shots. Both teams, tense with the excitement of the occasion, were burdened with much responsibility, and the score of the match does not do justice to the ability of the bowlers.

T. U. O., off to a good start, took immediate advantage of Walstrom's hot hand to roll up a large lead which was held to give them the first game. In the second game, D. T. D. made an about-face, and with consistent bowling by each man garnered enough pinfall to gain the verdict and tie the match. Hill, of T. U. O., made a gallant attempt to stem the tide by marking in his last two boxes, but the effort fell short by 13 pins.

**A MIRACLE...** You sit at home in easy chairs, behind closed doors, while from a sound-proof room... perhaps thousands of miles away... comes the music that you listen to on the Chesterfield program.

That sealed room in the Columbia Broadcasting Headquarters sends out good music and good songs 6 nights a week to 50 million people from coast to coast... with the voice of Norman Brokenshire... just about the best announcer in this country... to tell you "Chesterfields are milder and taste better."

Why is the Chesterfield Program broadcast 6 nights a week over a coast-to-coast network reaching 50 million people?

Because we want every smoker in this country to know that Chesterfield cigarettes are milder.

We want to tell every smoker from coast to coast that Chesterfield cigarettes taste better...

We want everyone to know that they can depend on a LIGGETT & MYERS product.
